Cc: Sinha, Ritul <ritul.sinha@cgi.com>;

Internal

Hi Parth,

Please go through the below videos and if facing any access issues, please contact Deepa in CC. These are functional KT videos.

The technical session videos need not to cover now. Rest of the videos will provide an over view on the ARM product.

[@Ambujakshan, Deepa \(IN\)](#) Please share the path for the FM1 application KT from CZ team as well. Parth will be going to work on FM1 initially.

Regards,
Ajay
